

## INTRODUCTION

For some time now, the Canadian Regional Council of the CPA, composed of the Presiding Officers of the CPA Branches in Canada, has been giving serious thought to publishing a Canadian Regional newsletter or review that would reach all its legislators. At its last meeting in February, the Council decided to issue a few numbers of the publication on an experimental basis.

---

### THIS IS THE FIRST ISSUE OF THE CANADIAN REGIONAL REVIEW

Our aim is to publish a readable, informative and attractive magazine. We will not, however, know whether it appears so to you or not unless we obtain your reactions in a formal manner. We feel, therefore, that in order to give you this opportunity, we should send you a questionnaire. This we will do after the second or third issue, when we feel certain all Canadian Parliamentarians have had a chance to evaluate the scope of the publication.

This Canadian innovation in the parliamentary and Commonwealth information field cannot become a permanent feature unless it is capable of obtaining your input and gaining your full support. Please do not hesitate to answer the questionnaire as it will give you plenty of opportunities to express your views and we are open to all suggestions.
